# IPM—Who We Are

**Integrated  
Prescription  
Management**

- Established in 2009 — Texas-based PBM serving over 150 counties statewide.
- Partner to Indigent Health, Behavioral Health, Hospital Districts, and Jail programs.
- Focused on cost containment and access to care.
- Provide seamless integration with county systems and existing workflows.
- Reducing drug spend and administrative workload through tailored, data-driven solutions.

# Why Counties Choose IPM

Integrated  
Prescription  
Management

- **Custom Plan Configurations**—Tailored formularies and restrictions to meet your county's unique needs while maximizing cost savings and maintaining access to care.
- **Dedicated Account Management** — A single point of contact for day-to-day support and fast issue resolution.
- **Actionable Insights** — Utilization trends, drug spend analysis, and targeted cost-control recommendations.
- **Flexible Pharmacy Network** — Options include Walmart, H-E-B, Brookshire's, independents, or county-specific networks.
